

SPARTICA

International Consulting and Management

Spas
Resorts
Health Clubs

I appreciate your interest in our company. I am confident that we have the skills and expertise you are looking for regarding your spa, resort, or health club project. With our team of in house professionals and through our business alliance partners, we are able to take on the smallest of projects: less than \$1million USD gross sales/project construction, or the largest of projects: greater than \$100million USD gross sales/project construction. The Spartica business alliance partners include Michele Pelafas Inc, Saga Fitness Inc, and Kuhlmann Design Group.

Our collective portfolio of clients, projects, and experience is world class. We provide first class service and set the highest of expectations. As with any great company, we are accessible to our clients seven days a week, working at the speed of business. We embrace change and challenge ourselves to be original, authentic, and deliver great results.

Please see below a sample of our collective portfolio on the following pages:

Health Club/Fitness/Sport pages 2 - 4
Resort/Destination pages 5 - 6
Spa/Salon pages 7 - 11

I personally serve as the lead project manager for a majority of our projects and if you are in need of priority service, please contact me on my direct line below. We look forward to providing the level of service you deserve; we will be ready at your request.

Best,

Chris Sobonya
President and CEO
